

ORIENTATION

PROFESSIONAL STUDIES

Through our Professional Studies Programs, Barton College provides expanded options for our adult students, and they are specifically designed with the working adult in mind. This evening, you will meet members of the College community who are here to provide assistance as you begin your Barton Experience. The goal of Orientation is to introduce you to the staff, academic structure, and technology that will facilitate your transition, advisement, and registration at Barton College.

Thursday, January 4, 2018

- | | | | |
